EDUCATION

Mahatma Hansraj Modern School

High School, 10th Grade; Percentage: 88%

Jhansi, Uttar Pradesh

June 2024

EXPERIENCE

Full-Stack Developer Intern

Hostelsnearme

December 2024 – Present

Jhansi, Uttar Pradesh

- Solely developed a scalable hostel booking platform using Next.js, Prisma, and PostgreSQL, implementing hostel listings, user authentication, booking management, and admin insights.
- Designed the complete UI/UX in Figma and built a highly responsive, modern interface for an intuitive user experience.
- Optimized backend architecture for efficiency, structured the codebase for scalability, and ensured smooth data handling with well-structured APIs.

Frontend Developer Intern

Insight Ed

August 2024 - November 2024

Jhansi, Uttar Pradesh

- Built the entire company website from scratch using React and GSAP, creating a dynamic, high-performance user experience.
- Developed a game in Java to test the generated dungeons.
- Contributed to UI/UX design for several applications, ensuring responsive and user-friendly interfaces.
- Gained hands-on experience working with the company's core ERP software, focusing on front-end development and functionality.

TECHNICAL SKILLS

Languages: JavaScript, TypeScript, Python, C++, CSS, HTML

Frameworks & Libraries: Next.js, React, Node.js, Express.js, GSAP, Tailwind CSS, Bootstrap

Developer Tools: Git, Docker, Prisma, Postman, NPM, VS Code

Databases: PostgreSQL, MongoDB

Design & Prototyping: Figma

PROJECTS

Snap Study | AI-powered Summarizer

- Built an AI-powered text summarizer to help students quickly grasp key concepts from lengthy texts.
- Integrated technologies such as Ollama, Node.js, Express, Python, and React to create an efficient solution for studying.
- Focused on compressing complex information into manageable summaries for faster learning.

Zeus Store | Gaming gadget store

- Developed a full-stack e-commerce platform for selling PC components, including GPUs and other hardware parts.
- Implemented both frontend and backend using MongoDB, Express, React, and Node.js (MERN stack).
- Integrated payment systems, user authentication, and a responsive UI for a seamless shopping experience.

CERTIFICATES

CodeDay Hackathon | CodeDay Delhi

September 2024

- Participated in a hackathon where I collaborated with a team to develop innovative solutions under tight deadlines.

Hack This Fall 2024 Virtual | Hack This Fall

November 2024

- Participated in a virtual hackathon, where we tackled real-world problems through creative coding and development.
